The background is softly blurred, showing more of the table setting and a warm, ambient light.

XR de Marqués de Riscal

“Times change, authentic remains”

At Marqués de Riscal, there used to be “winemaker’s wines” among its Historic Reservas, like the Reserva Medoc and the XR, which never became commercial names. In the tradition of the Bordeaux cellar masters, the master winemaker marked some of the barrels in chalk with the letters XR as a consequence of having found special characteristics which were not present in others.

This XR was never marketed as such but was always a reference point for the master winemaker.

This custom lasted almost a century, between the harvests of 1869 and 1964.

XR pays tribute to all the master winemakers who, from Jean Pineau to today, have helped to forge a part of the greatest history of Spanish wine in Marqués de Riscal.

FRANK GEHRY

Selection

“A wine destined to write some of the most beautiful pages of Rioja wine in the 21st century”

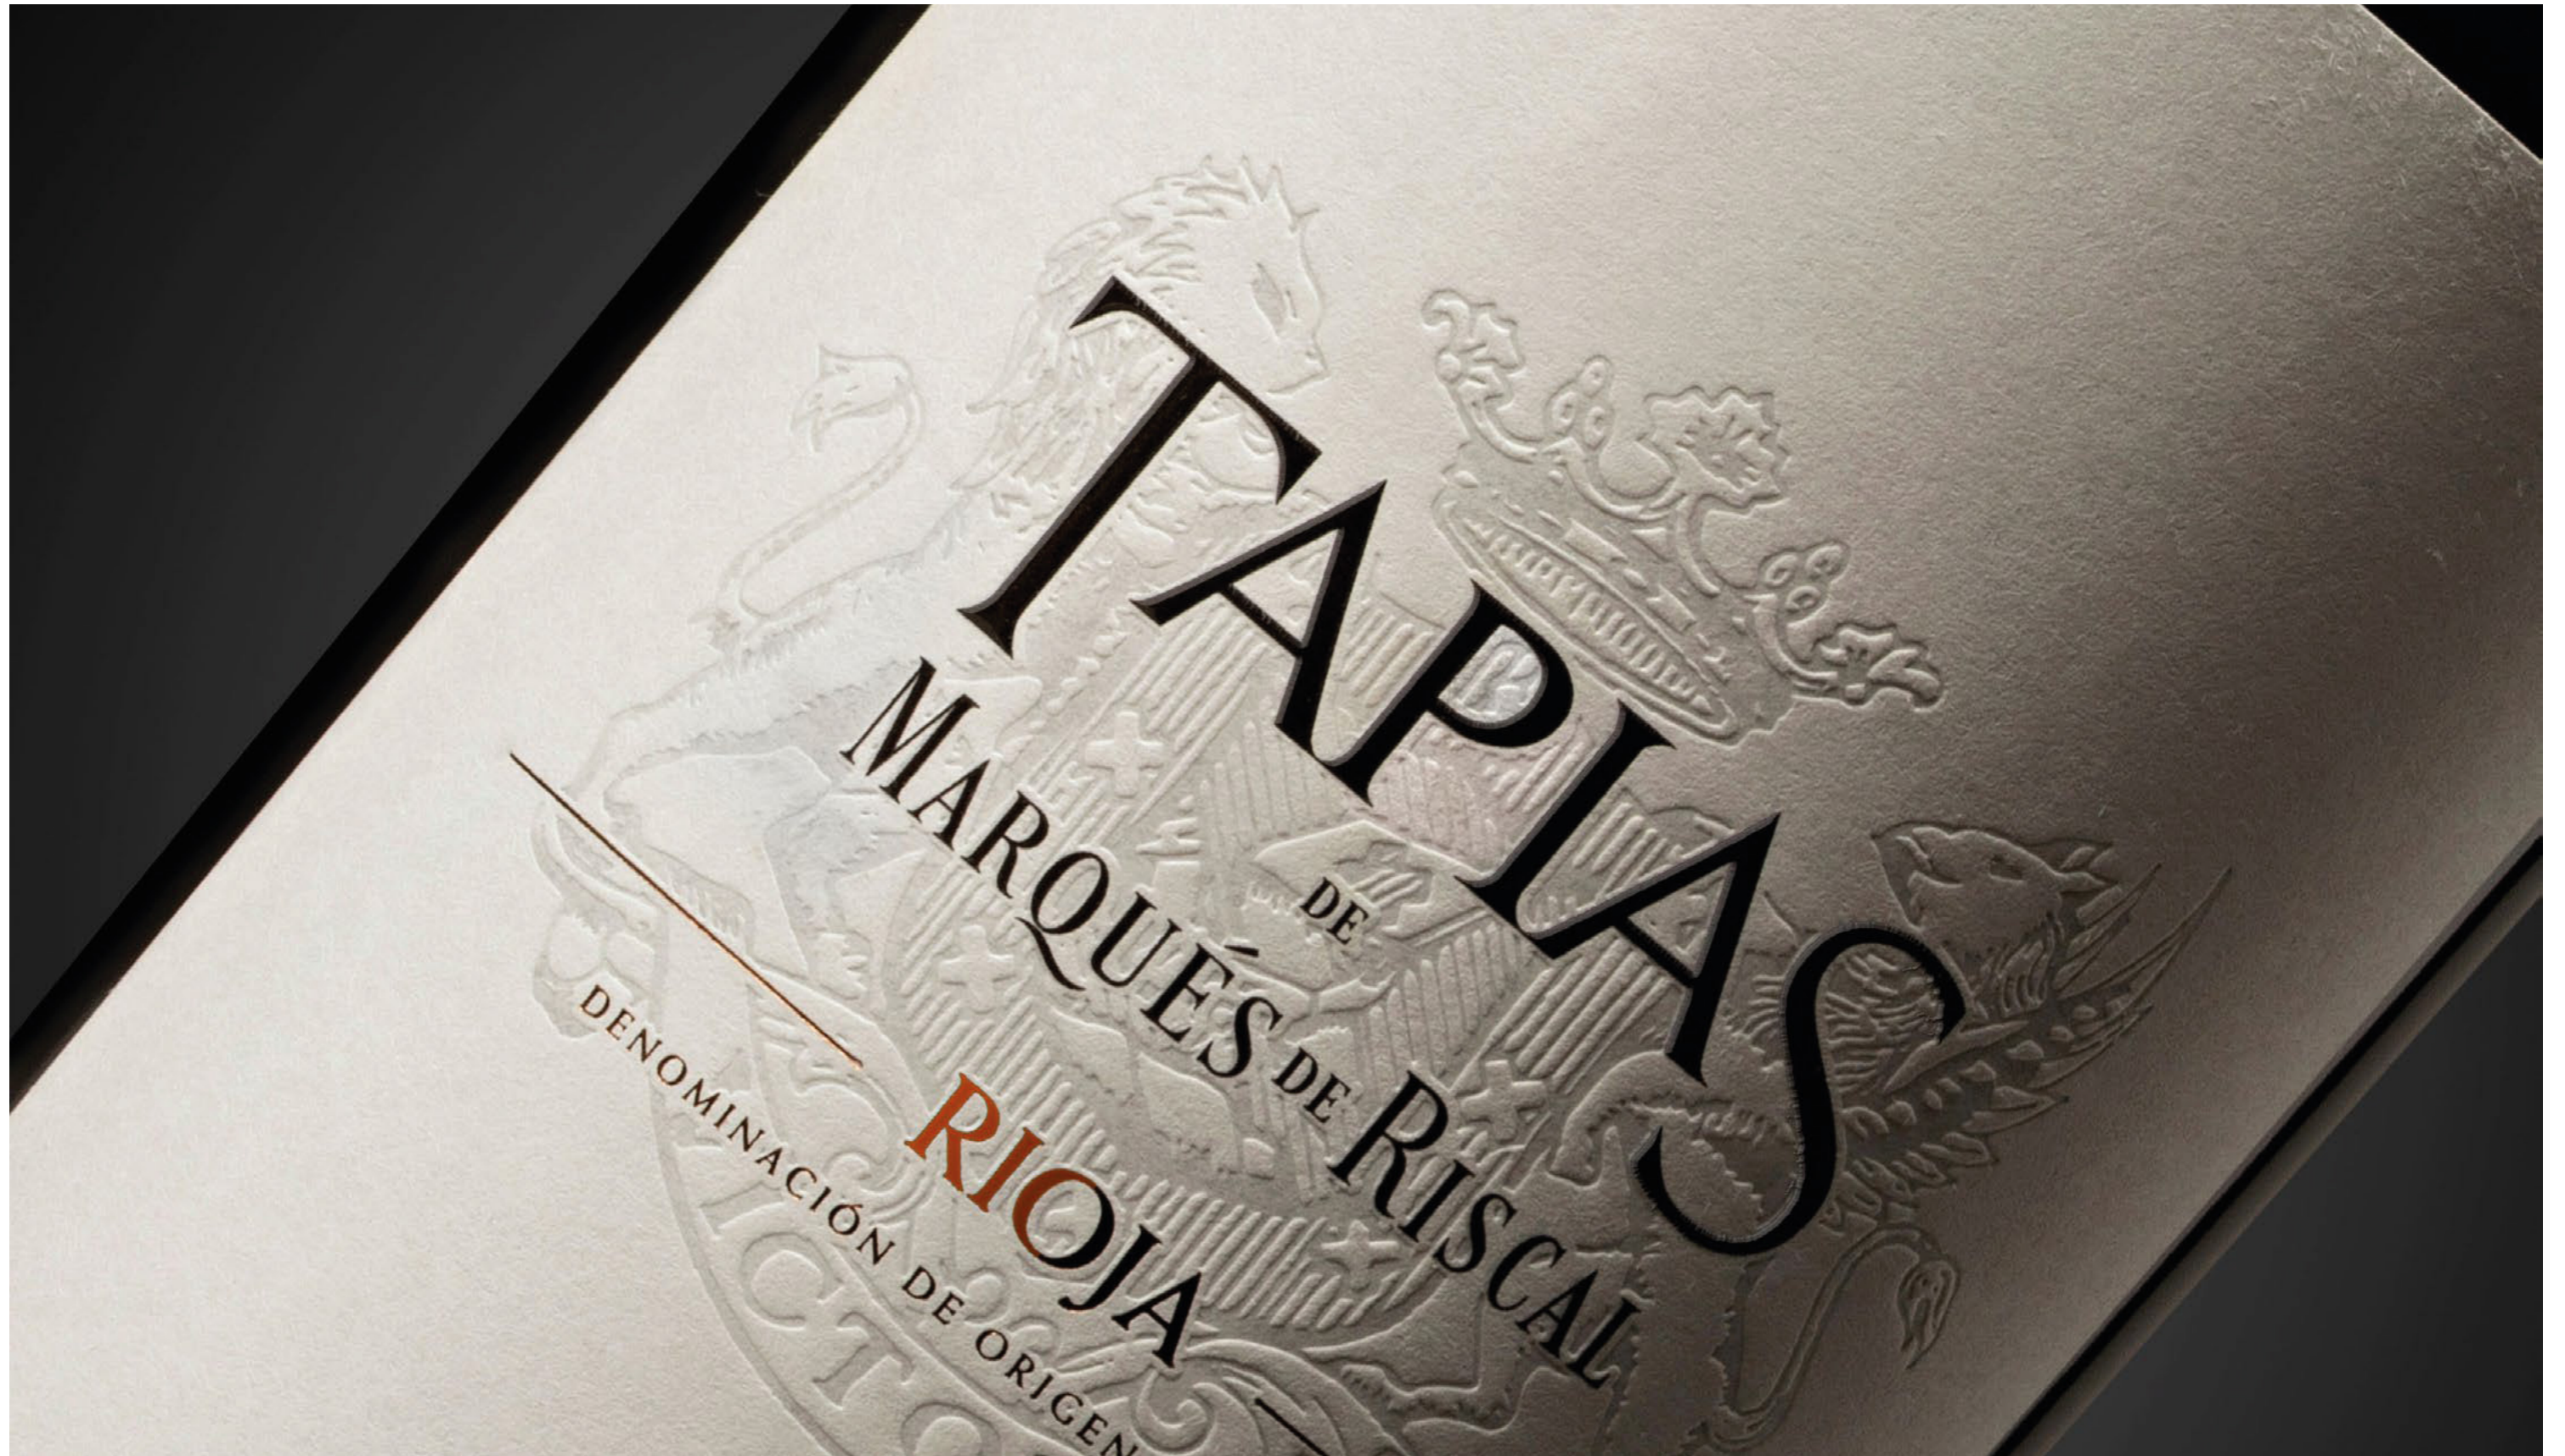

A wine destined to write some of the most beautiful pages of Rioja wine in the 21st century. It takes its name from one of the greatest architects of modern times and the creator of the emblematic Hotel Marqués de Riscal.

The Frank Gehry Selección wine is the fruit of a careful selection of grapes from our estate vineyards of over 80 years of age. It is not a wine for collectors, rather pure hedonism. A wine which will live an eternity. The worthy heir to the very best that this house has given.

A wine to caress the senses. The second glass is better than the first, when it has had a chance to breathe and opens up to reveal the quantity of nuances it displays. For long, slow drinking. A wine for friendship, a wine for calm moments. You mustn't be in a hurry to enjoy each sip.

Place de Bourdeaux

TAPIAS

de Marqués de Riscal

“A great Rioja on the Place de Bordeaux”

Tapias de Marqués de Riscal takes its name from one of the best Marqués de Riscal vineyard plots, Finca Las Tapias, which was planted in 1968 and presents unique terroir features with its ferrous and calcareous clay soils.

It is a red wine which evokes those which the house was making in the early days, with a certain Bordeaux influence in terms of the winemaking methods.

Tapias is a wine with so much identity that it is distributed though the Place de Bordeaux system. It is a true return to the roots of the distribution of the bodega's wines, because Marqués de Riscal also sold their wines through the Place de Bordeaux more than a century ago.

BARÓN DE CHIREL

VIÑAS CENTENARIAS

“Quality, Elegance, and Uniqueness”

Marqués de Riscal presents Barón de Chirel Rioja Viñas Centenarias 2024, the first white wine the winery produces in the Rioja DOCa.

This wine is made from white grapes of the Viura, Garnacha Blanca, Malvasía, and Marturana varieties, sourced exclusively from the tops of century-old vineyards of red grape varieties in Rioja Alavesa, known as Patas Negras.

FINCA TORREA

“An avant-garde Rioja”

This wine has been made using tempranillo and graciano grapes from an old vineyard cultivated inside the Finca de Torrea estate it is a “village wine” from Elciego, where the Marqués de Riscal City of Wine is located.

Finca Torrea is a modern-style wine with a very up-to-date profile, more fruit and less herby in character and aged for a shorter time both in the cask and in the bottle. It is a different style to the wines that Marqués de Riscal have traditionally made, not only due to its modern character, but also for the image of its label showing the map of the vineyard plots of the Finca de Torrea, inspired by the line of design marked by the architect Frank O. Gehry with the Hotel Marqués de Riscal.

It is an elegant, fresh wine, easy to drink yet with a certain air of gravity, which really shows the quality of our Elciego vineyards.
